

Morley Panthers Roller Skating Club
Artistic Representative's Report
February 2017

LEAGUE 2

Nominations were a little short of expected, but on the positive side all came in on time.

It was also pleasing to receive offers of marshalling assistance from two of our non-adult skaters, Phoebe Nuttall and Rebecca Allen. It seems such tasks fall to the same persons each time, and the participation of “new blood” is a good result – and a good example to the rest of the club.

LEAGUE 3

The SkateWA nomination deadline is the 10th March, which means the Morley deadline needs to be the 6th March for online payments, and the 8th for cash payments. I will be away in Tasmania from the 16th February to the evening of the 7th March, so we will need a “deputy” to receive any cash payments that come in. However, I expect I will be able to handle the final checking of nominations and their submission to SkateWA.

Due to my ISP’s controls on outgoing junk mail, I will also not be able to send out any club-wide emails over this period. Since it usually requires at least three general emails to make sure everyone is on time with their nominations, this could be a problem.

FLOOR RESURFACING

The main issue we now face is the absence of Barbara and myself – the club’s most experienced “circle layers” – at the time the floor is expected to be completed. Miles Vinar has offered to handle the arrangements, but we have yet to agree on a suitable day for the work.

My latest information is that there is a chance the floor might be finished before the 16th March. If so, Barbara and I could at least start the job on the 15th (Doing the loop circles first seems advisable). To allow for this possibility, I have arranged for the figure equipment to be held at the rink during the resurfacing work.
